

Science

Animals, including humans:

- Human digestion
- Our digestive system
- Animal diets
- Teeth
- Tooth decay
- Eggshell enquiry
- Producers, predators and prey
- Food webs

Computing

We are bug fixers

Finding and correcting bugs in programs:

- Develop strategies for finding errors in programs
- Build up strategies for problem solving
- Increase knowledge of Scratch
- Recognise a number of common types of bugs in software

Design Technology

Building Roman Chariots

- To research, design and build a Roman shield.
- To create a Roman tabula.
- To research different Roman foods and make them.

Geography

Locating the Romans

Use an Ordnance Survey map to identify an area of interest for a Roman archaeological dig. Understand where the Romans settled in Britain.

History

All about the Romans

Research the Romans in Britain timeline and how they changed the British way of life. Look at dwellings and bath houses.

Maths

- Number, place value and money

- Mental addition and subtraction

- Roman numerals

- Written addition and mental subtraction

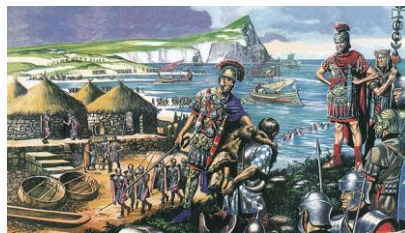

- Measure/data length, weight, bar chart

- Multiplication and division.

- Measurement (of Roman artefacts!)

Roman Britain

RE

Where, how and why do people worship?

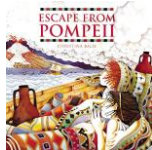

- Understand what is meant by worship
- Identify how key actions, features and artefacts help people worship
- Express their own ideas about the value of believers and worship.
- Roman religious beliefs and the introduction of Christianity.

English

Non-Fiction recounts and short narratives

Children will have the opportunity to immerse themselves in the story of 'Escape from Pompeii' and create their own recounts and short narratives using drama to structure their imaginations.

Instructions

Children will be writing a set of instructions for building a Roman road.

Myths and Legends

Children will write their own Roman myth using descriptive language. Proof read their own work and edit appropriately.

Art

Roman shield, clay pots and Roman art

Create a Roman shield and clay pot, produce a piece of artwork using pastels and paint a Roman bath house using different techniques for thickness and washing.

Music

Children will join in with and learn a set of eight songs exploring the history and people of Ancient Rome. From the powerful might of the Roman army marching across Europe and Britain, to quieter aspects of creative activity and everyday life, children will be building their musical skills to perform using their voices and simple classroom instruments, body-percussion and listening.

PSHE

Understand about setting SMART goals for themselves and how to evaluate their own performance.

PE

Gymnastics - stretching and curling:

- Try different stretches
- Use stretches and curls on small and large apparatus
- Develop gymnastic sequences
- Evaluate our performances

Multisports

- To develop a range of ball skills.
