

Literacy:

We will explore *Hermelin*, a mouse who loves reading, writing and solving mysteries. Children will develop their reading, writing, speaking and listening skills through mystery-themed activities, including writing clues, messages and creative stories. We will focus on developing vocabulary, imagination, confidence and a love of writing.

We will also explore different books including Jasper's Beanstalk and Puffins Peter with a range of for the children writing.

Computing:

The children will learn to use computers more purposefully by logging in and navigating around a computer. They will learn to drag, drop, click and control a cursor using a mouse as well as use software tools to create art on the computer.

PE:

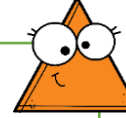

The children will learn personal skills such as co-ordination and static balance. The children will develop their footwork and balance through different activities. We will promote a growth mind-set and children will learn to follow instructions for simple tasks independently.

Art / DT:

This term, the children will explore creativity through nature-inspired art. They will use natural resources such as leaves, twigs, stones, and flowers to design and create their own pictures. The children will also make food for a Gruffalos Party including a range of different fruits to make a fruit skewer.

Maths:

We will explore the number system starting with place value within 10. We will then learn about addition and subtraction within 10, using different concrete resources to help us explore these concepts. We will explore the part whole model to help us with make connections between numbers.

The children will then go onto learn about 2D and 3D shapes and their properties, also understanding how to sort shapes into different groups.

Science:

In Science the children will be learning about different plants and trees. Making observations and comparisons. They will learn about plants that grow in the garden and explore the structure of plants and what they need to grow.

The children will then go on to work scientifically through observing closely, using simple equipment and identifying and classifying.

History / Geography:

Children will be exploring old and new toys in History this term, they will compare, sequence and explore different toys from across the ages.

In Geography the children will be exploring the United Kingdom. They will learn about capital cities and famous landmarks within them.

Into the Woods

Autumn Term

PSHE:

TEAM: being part of a team, making good choices, being kind.

Be Yourself: recognise our positive qualities and celebrate our individuality.

RE:

The children will be exploring the religion of Christianity this term, we will learn about their beliefs, places of worship and their key values. We will also listen to key stories and their significance.

Music:

The children will explore a key song and style, they will learn about the differences between pulse, rhythm and pitch and to learn how to rap and enjoy it in its original form.

As well as learning to sing, play, improvise and compose with this song, children will listen and appraise other Old-School Hip Hop tunes.
