Summer Term 2022

We hope you all had a super Easter break and are fully recharged and refreshed ready for our final full term in Foundation Stage. The topics will be split into two categories of 'Up Above and Down Below' (Summer 1) and will be looking at information and facts about our World in the Ocean and Space. We will be learning about ocean pollution, sea creature facts and habitats. Our space topic leads us to explore the star constellations, Famous Astronauts, planets, comets, craters and phases of the moon. Our final topic of 'Going Wild' (Summer 2) will be venturing off on safari, exploring the depths of the jungle, taking a look at life on a farm and learning more about different habitats and life cycles.

We have already started our term learning about sea creature facts, the 5 oceans, looking at the globe, the Queen's birthday, painting our own sea creatures, counting backwards and one more/less. We also have looked into protecting our oceans, sorting plastic pollution, and learning the job of a Marine Biologist. We are looking forward to continuing with our 'Under the Sea' theme and then being super 'Space Explorers'.

## School Uniform

Please check all items of clothing are clearly labelled with your child's name. It makes it easier to return clothing if they have been left in the cloakroom.

We would be grateful if you could continue to support your child to practise zipping up or fastening buttons on their coats in order to **achieve their PSED/Managing Self, Early Learning Goal.**

The children have daily outdoor access in Discovery Time. Please provide your child with a **waterproof coat and a sun hat.** A polite note that suncream should be applied at home in the morning before school and should last the whole school day.

When outside. A pair of named welly boots that can be left at school will also support messy and water play.

Please provide a **change** of clothes and underwear to keep on their peg in case of accidents (including trips and falls outside in wet weather.)

## Drinks

Please ensure your child brings a labelled bottle of water to school every day which will be sent home daily for cleaning.

## Houghton Highlights

This half term our Houghton Highlights will cover:

- (1) Understand how to care for our environment.
- (2) Introduce and practice riding a balance bike.
- (3) To make Star biscuits.

## PE/Forest School

Our PE lessons will be continue to be on a **Tuesday** afternoon and therefore your child will be required to have their PE kit in school. We will take some of our PE lessons outside this term, so please ensure your child has **jogging bottoms, a separate jumper and trainers** as well as **our school t-shirt and shorts**. Long hair will need to be tied back on PE.

Throughout the whole of the Summer term we are very excited to be accessing our Forest School with our super Forest School Leader Mrs Cookham. You will have already been notified if your child is taking part this half term.

For Forest School, your child will need to bring in clothes to change into after lunch; as per the information letter sent home. This will include **named welly boots, waterproof jacket, sun hat, jogging bottoms or leggings, t-shirt and a fleece**. Please note these will get quite muddy and would suggest you provide older clothes for the sessions.

## Learning at Home

Thank you for your continued support with helping your child practise their learning at home!

### Sight Words

Your continued support to help your child practise their sight words is paramount to developing their reading and writing. They are doing brilliantly in learning these words and please remember to practice the previous weeks.

Sight words will be read in school on alternate weeks and new words given, once confident.

Once your child has **learnt their** Sight words for that week, please assist them in **writing** the words and then **writing** the word in a sentence. These can be written in the yellow sight words book and will be stamped by an adult.

### Learning Logs

We are enjoying sharing our learning logs with our friends. They play an important part in supporting children's confidence, communication and language skills, fine motor skills and practise their segmenting to write words and sentences.

When completing learning logs please encourage children to sound out words for themselves by using their Phonics knowledge.

Learning logs went home this week and there is an updated list of dates for Show and Tell (team colours) and Learning logs to be completed and brought back to school.

### Reading

Reading books continue to be checked daily and changed after two reads. This will enable your child to become more fluent, confident and show understanding of what they have read. **Please ensure your child has their book in school every day.**

Please continue to read with your child regularly as this plays a vital part in developing their love of reading and their confidence in their own abilities to read and understand texts, Hearing your child read a minimum of 3 times per week for as little as 5 minutes will have a huge impact on their confidence and competence in reading.

I would encourage you to help the progression of your child's reading by asking them questions about the book regularly ie discussing the characters, setting, feelings, prediction of what might happen next, did they like the ending, what would they choose for an alternative ending?

An exciting **reminder** that the children earn a star towards a reading reward every time they read **three or more times per week at home**. Once they have gained six stars, they will choose a reading reward gift. Please write any comments or sign to show they have read at home.

## Special Times - Show and Tell

As part of the Communication and Language Area of Learning, your child will have the opportunity to speak to the rest of their class for about 2 or 3 minutes every week. When speaking and listening, they will have the opportunity to respond to ideas expressed by their peers. Please note Show and Tell continues to be on a rota of team colours. The dates are recorded in your child's learning log. If you are unsure of your child's team colour, please let us know. Please can you support your child to choose a special item that they can confidently discuss why it is special to them such as a photo, train or day out ticket, picture they have drawn, a card, a sporting event or a favourite toy?

## Independence in Early Years

As we are approaching the end of the EYFS Curriculum, please encourage your child to continue developing the following skills:

- Using cutlery to cut up their own dinner.
- Dressing and undressing themselves.
- Sounding out words to blend and build sentences in their reading books.
- Segmenting words to write short captions and sentences.
- Sharing and taking turns.
- Solving minor problems independently.
- Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly.

## Curriculum

Our Curriculum Map taking us up to May half term for our topic 'Up Above and Down Below' can be found on the 'Curriculum' page of our website. We hope your child will enjoy our topic and we will also include their interests in their learning. The skills that are being taught are the end of Foundation Stage Early Learning Goals. We have been building up to these goals in broken down chunks over the past year in order to prepare and support your child. Your child's Statutory 'EYFS' Early Learning Goals data will be submitted to the Government before the end of Summer Term 2 and this will be made available to you in your child's End of Year Report. A new KS1 Curriculum will be taught from Year 1.

We are also excited to have another WOW day for Space on the 9<sup>th</sup> May 2022. Your child's normal school uniform will be worn. The children will be going on a Space Adventure in school, making Star biscuits, learning about planets, making bubbling planets in our science experiment and many more exciting activities.

If you have any further questions please do not hesitate to come and see us.

Thank you for your continued support, it is very much appreciated.

Mrs Waby and Mrs Hattle.
