

## **Houghton Conquest and Preschool Special Educational Needs and Disability (SEND)**

### **SEND Information Report – Our Offer**

*The local authority responsibility (Central Bedfordshire Council) for Special Educational Needs and Disability is detailed in the Local Offer and can be found here:*

*[https://www.centralbedfordshire.gov.uk/info/15/special\\_educational\\_needs\\_and\\_disability\\_-\\_local\\_offer](https://www.centralbedfordshire.gov.uk/info/15/special_educational_needs_and_disability_-_local_offer)*

### **How does the school know if children need extra help and what should I do if I think my child has Special Educational Needs? (SEND)**

At Houghton Conquest Lower School children are identified as having SEND through a variety of ways including the following:

- Liaison with pre-school or previous nursery provision or previous school
- Child not achieving at the appropriate level for their ability
- Concerns raised by parent
- Concerns raised by teacher, for example behaviour or self-esteem is affecting performance
- Liaison with external agencies
- Health diagnosis through paediatrician

### **How will I raise concerns if I need to?**

- Talk to us – firstly contact your child's class teacher or SENDCO/ Headteacher
- We pride ourselves on building positive relationships with parents and aim to share information with you and would hope that you are able to do the same with us.

### **How will school support my child? Who will oversee, plan, work with my child and how often?**

- Our SENDCO oversees all support and progress of any child requiring additional support across the school.
- The class teacher will oversee, plan and work with each child with SEND in their class to ensure that progress in every area is made.
- There may be an additional adult working with your child either individually or as part of a group; if this is seen as necessary by the class teacher/SENDCO. The regularity of these sessions will be explained to parents when the support starts. Regular liaison takes place between the teaching assistants and class teachers. On a regular basis, staff meetings have dedicated time to discuss current SEND needs within the school.
- The provision of designated quiet/calm areas with appropriate resources designed to support pupil needs e.g. sensory equipment.

### **Who will explain this to me?**

- The class teacher will meet with parents at least on a termly basis, to discuss your child's needs, support and progress.
- For further information and advice the SENDCO is available to discuss support in more detail.

### **How the Governors involved and what are their responsibilities?**

- The Headteacher reports to the Governors every term to inform them about the progress of children with SEND; this report does not refer to individual children and confidentiality is always maintained

- A Governor is responsible for SEND and meets regularly with the SENDCO. They also report to the Governors to keep all members informed.
- The Governors agree priorities for spending within the SEND budget with the overall aim that all children receive the support they need in order to make progress.

#### **How will the curriculum be matched to my child's needs?**

- All work within class is pitched at an appropriate level so that all children are able to access according to their specific needs. Typically, this might mean that in a lesson there would be different levels of work set for the class, however on occasions this can be individually adapted.
- The benefit of this type of adaption is that all children can access a lesson and learn at their level.

#### **How will I know what my child is doing and how will you help me to support my child's learning?**

- We offer an open door policy where you are welcome any time to make an appointment to meet with either the class teacher or SENDCO and discuss how your child is getting on. We can offer advice and practical ways that you can help your child at home.
- We believe that your child's education should be a partnership between parents and teachers, therefore we aim to keep communication channels open and communicate regularly, especially if your child has complex needs.
- We can operate a home / school communication form which shares their daily timetable, which your child will bring home regularly so that comments from parents and teachers can be shared and responded to promptly when needed.
- Your child will be offered school support when their needs go beyond the adaptive approaches and learning arrangements normally provided as part of high-quality teaching and the ordinarily available provision.

#### **SEN Support**

If your child is on the SEND register they will have a My SEND Support Plan which will have an overview of your child's provision to support any barriers to learning. This is discussed on a termly basis and parents are given a copy to sign. Additionally, a My Outcomes Plan will be put into place which will detail specific targets set that are SMART (Specific, Measurable, Achievable, Realistic, Time scaled) with the expectation that the child will achieve the target by the time it is reviewed.

#### **Specialist and targeted support**

We would discuss with parents the need to move a child from SEN Support provision to a more specialist and targeted support. It would build upon arrangements made for SEN support and would be presented in the SEND Support Plan. This could include more specialist expertise appropriate for children with long-term needs in one or more of the following 4 broad areas.

- Cognition and learning
- Social, emotional and mental health difficulties
- Communication and interaction
- Sensory and/or physical needs

If your child has complex SEND needs, they may also be part of a TAC (Team Around the Child) or have an EHCP (Education Health and Care Plan – previously a Statement), which means that a formal meeting annually will take place to discuss your child's progress and a report will be written. It may also be appropriate to have access to Early Help and this means an Early Help Assessment (EHA) form will be completed with your permission (see Early Help Policy).

### **How does the school know how well my child is doing?**

- As a school we measure children's progress in learning against National expectations and age-related expectations.
- The class teacher continually assesses each child and notes areas where they are improving and where further support is needed. As a school, we track children's progress from entry to end of Year 4, using a variety of different methods.
- Children who are not making expected progress are picked up through Pupil Progress meetings with the class teacher and Headteacher/SENDCO. In this meeting a discussion takes place concerning why individual children are experiencing difficulty and what further support can be given to aid their progression. The child will be placed onto a monitoring list where the SENDCO will keep track of the support provided and observe the outcomes of this provision. If progress is still not evident then the SENDCO will have a discussion with the parent and place the child onto the SEND register.
- When the child's SEND Support Plan is reviewed, changes in provision and a review of the targets set will take place with the class teacher. If the child has not met the target, the reasons for this will be discussed; the target may be adapted into smaller steps or a different approach may be tried to ensure the child does make progress.

### **What support will there be for my child's overall wellbeing?**

We are an inclusive school; we welcome and celebrate diversity. All staff believe that children having high self-esteem is crucial to a child's well-being. We have a caring, understanding team looking after our children.

- The class teacher has overall responsibility for the pastoral, medical and social care of every child in their class, therefore they would be the parents' first point of contact. If further support is required, the class teacher liaises with the SENDCO for further advice and support. This may involve working alongside outside agencies such as Health and Social Services, and/or the Behaviour Support Team.

### **How does the school manage the administration of medicines?**

- The school has a policy regarding the administration and managing of medicines on the school site. (See the policy on the school website)
- Parents need to contact the school office if medication is recommended by Health Professionals to be taken during the school day.
- On a day to day basis the trained staff generally oversee the administration of any medicines.
- As staff we have regular training and updates on conditions and medication affecting individual children so that all staff are able to manage medical situations.

### **What support is there for behaviour, avoiding exclusion and increasing attendance?**

- As a school we have a very positive approach to all types of behaviour with a clear reward system that is followed by all staff and pupils. If a child has behavioural difficulties a SEND Support Plan is written with input from the child and parents to identify the specific issues. Relevant support is then put in place and set targets.
- After any behaviour incident we expect the child to reflect on their behaviour with an adult, with reference to the Golden Rules (see Behaviour Policy) working towards completing a reflection form. This helps to identify why the incident happened and what the child needs to do differently next time to change and improve their behaviour.
- Pupils who are deemed 'at risk' of suspension will be supported through discussion with parents and the Headteacher to consider an agreed risk assessment. This can contribute to

lowering the risk of behaviours and monitor potential reason/triggers for repeated behaviour that causes concern.

- Attendance of every child is monitored on a daily basis by the school office personnel. Lateness and absence are recorded and reported to the class teacher initially and fully a supportive process is in place for detailed information: see Attendance Policy.

#### **How will my child be able to contribute their views?**

- We are a school which values and celebrates each child being able to express their views on all aspects of school life. This is usually carried out through regular 'Pow Wows' which can be a structured question session or an open forum for any issues or viewpoints to be raised. The suggestion boxes are for everyone and are regularly checked by the Head and SENDCO (and acted upon) as well as the Values-led ethos which positively encourages pupils being heard and gives them the vocabulary to express their feelings. We also have a 'worry box' in every classroom and this is checked regularly, and concerns are discussed at staff meetings.
- Children who have a SEND Support Plan discuss their targets with their class teacher.
- If your child has an EHCP (previously known as a Statement) their views will be sought before any review meetings, the child with an EHCP also attends an annual review to share their successes.
- Pupils on SEN support and more specialised /targeted support share their own views using person centred approaches often with the help of a responsible adult.

#### **If my child has Special Educational Needs or a disability, can they come to Houghton Conquest Lower School?**

No child will be excluded from Houghton Conquest Lower School as a result of any Special Educational Needs or Disability. Children in receipt of an Education, Health and Care Plan which names Houghton Conquest as the provision will be admitted even if the school is full and can meet the individual child's needs.

#### **How accessible is Houghton Conquest Lower School?**

Houghton Conquest Lower School is fully compliant with statutory duties linked to the DDA requirements. We have an Accessibility Plan in place which seeks to maximise access to the school curriculum for any disabled pupil.

- The school site is wheelchair accessible with a disabled toilet large enough to accommodate changing. There is also a newly built child's disabled toilet. The school is all on one level with ramps at specified fire exits.
- The playgrounds and the field are fully accessible to wheelchair users or those with physical difficulties.
- We ensure that, wherever possible, equipment used is accessible to all children regardless of their needs and we provide specialist equipment when required to ensure equality of access to the curriculum.
- Breakfast club is accessible to all children, including those with SEN.
- All extra-curricular activities are accessible for children with SEN.
- All children at Houghton Conquest are entitled to attend visits off site and all reasonable adjustments will be made to ensure this can happen for your child. This may mean additional staffing is provided to support your child on a trip / visit outside the school.
- The school will make all reasonable adjustments to the curriculum and the environment to ensure equality of access for your child.
- Where necessary we would liaise with EMAS (Ethnic Minority Achievement Service) who assist us in supporting our families with English as an additional language.

### **How does Houghton Conquest Lower School seek to improve access to the curriculum and physical environment for disabled pupils?**

We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. More information can be found in Houghton Conquest's Accessibility Plan.

### **What specialist services and expertise are available at or accessed by the school?**

- Our SENDCO has achieved her Masters Level National Award for SEND co-ordination and is fully qualified and accredited. The SENDCO ensures current knowledge about national issues related to SEND are discussed at Governor and staff meetings.
- As a school we work closely with any external agencies that we feel are relevant to individual children's needs within our school, including: Behaviour Intervention; health including – GPs, school nurse, clinical psychologist, paediatricians, speech & language therapists; occupational therapists; social services including - Locality Teams, social workers and Educational Psychologists.

### **What training have the staff supporting children with SEND had or are currently having?**

- Some staff are trained in the 'Team Teach' approach to supporting children (see Positive Handling Policy).
- Many of our teaching assistants have had training in delivering reading and spelling / phonics programmes.
- Regular training takes place on ASD, ADHD and behaviour and emotional well-being.

### **How will my children be included in activities outside the classroom including school trips?**

- All children are included in all parts of the school curriculum and we aim for all children to be included on school trips. We will provide the necessary support to ensure that this is successful.
- A risk assessment is carried out prior to any off site activity to ensure everyone's health & safety will not be compromised. In the unlikely event that it is considered unsafe for a child to take part in an activity then alternative activities, which will cover the same curriculum areas, will be provided in school.

### **How will the school prepare and support my child when joining the school or transferring to a new school?**

- We encourage all new children to visit the school prior to starting when they will meet their teacher and be shown around the school. For children with SEND we would encourage further visits to assist with the acclimatisation of the new surroundings.
- We write/commission social stories with children if transition is potentially going to be difficult.
- When children are preparing to leave us for a new school, typically to go to middle school, we arrange additional visits. At our 'feeder' middle school, Marston Vale Middle, they run a programme specifically tailored to aid transition for the more vulnerable pupils.
- We liaise closely with staff when receiving and transferring children to different schools ensuring all relevant paperwork is passed on and all needs are discussed and understood.
- If your child has complex needs then an EHCP review will be used as a transition meeting during which we will invite staff from both schools to attend.
- Pre-school transition meetings are organised between parents, key person and SENDCO to reassure parents about the provision available at the school, we also link in with the external Early Years Advisory teacher before the transfer. If necessary, a meeting is organised with all

involved if the child has more complex SEND needs to plan for, this is completed as early as possible.

#### **How are the school's resources allocated and matched to children's SEND needs?**

- We ensure that all children who have Special Educational Needs are met to the best of the school's ability with the funds available. This may include purchasing specific resources including books and ICT programs.
- We have a team of well qualified professionals and teaching assistants who are funded from the SEND budget and deliver programmes designed to meet groups of children's needs.
- The budget is allocated on a needs basis. The children who have the most complex needs are given the most support.

#### **How is the decision made about what type and how much support my child will receive?**

- The class teacher alongside the SENDCO will discuss the child's needs and what support would be appropriate.
- Different children will require different levels of support in order to bridge the gap to achieve age-expected levels.
- This will be through on-going discussions with parents during the process of deciding on the provision.

#### **How do we know if it has had an impact? How do we evaluate effectiveness?**

- By reviewing children's targets within the SEND Plan and ensuring they are being met. There are termly meetings between the SEND Governor and Headteacher, which is relayed to the Full Governing Body in a written report.
- Termly meetings between parents and the class teacher to inform parents of the current assessment, the plan, how the plan will be carried out and also a review of what has taken place to date (Assess-Plan-Do-Review).
- Pupils are involved and consulted in the process and have 'voice' through the use of person-centred approaches, this may be through the use of one-page profiles. Formative and summative assessments at regular intervals shared with parents termly and at the end of the year in the school report.
- The child is making progress academically against national/age expected levels and the gap is diminishing i.e. they are catching up to their peers or expected age levels. Verbal feedback from the teacher, parent and pupil.
- Children may move off the SEND List when they have 'caught up' or made sufficient progress.

#### **Who can I contact for further information?**

- First point of contact would be your child's class teacher to share your concerns.
- You could also arrange to meet our SENDCO/Headteacher
- [Contact Central Bedfordshire's Support and Advice Service](#)
- See staff information page on the website if you wish to identify the most important person relevant to your question or speak to our office staff in confidence.

#### **Who should I contact if I am considering whether my child should join the school?**

- Contact the school office to arrange to meet the Headteacher/SENDCO, who will willingly discuss how the school could meet your child's needs.
